*Lincolnshire
Methodist District*

Our story, our song

Some of you may recognise this as the theme of the President and Vice-President this year.

This is an invitation for individuals and groups in our churches in Lincolnshire Methodist District to create something artistic in response to the theme of "Our Story, Our Song"

It could be a painting, a piece of needlework, a poem, a song or something else

**Our story, our song;
the Methodist church, your Methodist church, your community.**

**My story, my song;
something more personal, perhaps a testimony?**

We will display, or listen to, the contributions at Synod in March 2026 and send them out on loan across the District during the summer.

The ministerial retreat at the end of April will also be looking at this same theme so our active ministers will also be able to contribute.

Please let Rev Angy Long know if you hope to create something and also if you would like to host the collection next summer.
